LICHT COMPANY.

Manager R. S. Campbell Talks About the Proposed Project.

QUITE AN ABSURD STORY

New Concern Proposes to Furnish Light at Lower Rate Than the Utah Company.

The story that a new electic light ompany had organized and is going to put a plant in Salt Lake and furnish il umination so cheaply that the present concern "will have to close its doors and go to farming," does not seem to agitate the Utah Light and Power ompany people very much,

The substance of the story that has received some publication is that a company backed by eastern capital has organized at \$50,000 and going to begin operation by November 1st; that it will furnish light from 10 to 30 per cent cheaper than the present company furnishes it. And the latter is characterized by the attorney of the new company as an "octopus that is doing

the people up."

Mr. R. S. Campbell of the Utah Light and Power company said today that when he read the story he had to smile I will just state for the information f these people," observed Mr. Campelt, "that we are furnishing light on basic rate of 15 cents per 1,000 Watts K. W. hour. That is twenty-five cent under the average throughou the United States, A giance at the stat-istics," and Mr. Campbell produced them, "will show you that nearly every company in the state of Massachusetts charges 20 cents and some of them as high as 30 cents, notwithstanding they are supported by a municipal board

"This man here talks about an octo-pus that is imposing on the people within one year after the four companies were amalgamized we reduced the rate from 20 to 15 cents or 25 per cent. Moreover, we have a graduated scale of prices. We call the quantity rate so that when a customer consumes a certain amount of light his rate is reduced, until we have some customers who are paying no more than 8½ cents. Now if these people from the East are going to cut under

cent, where will it place them?"
"Now, again, just here these people talking about monopolies, when they propose the biggest cinch monopoly I ever heard of. That is, they will oblige their prospective customers to sign a ten-year contract. Where is the intelli-gent business man in Salt Lake who commit such a folly as to ti himself up for ten years. In that tim new facilities may be inaugurated mak ing it possible to reduce the rate but none of those who signed the contract come to us and sign a contract to buy our light for ten years we will guaran tee to sell it to them lower than these

'Another thing that reveals the absurdity of the story," added Mr. Campbell, "is the report that the new com pany will capitalize at \$50,000. Why, it cost us over \$30,000 to put in the plant to furnish the Salt Palace light alone. That is just one branch of the business. But I think the people will contowards them, for we have reduced the price of the light when nothing but our sense of duty to the people caused us to do it for we were the sole occupiers of the field."

DEATH OF MRS. JANE DYET. Estimable Woman of This City Suc cumbs to Pneumonia.

Mrs. Jane Dyet, wife of Alexander Dyet, of 538 West Seventh South street, died at her home just before 1 o'clock this morning, of pneumonia, from which she had suffered only six days. She was born in Denny, Scotland, 67 years ago, and came to Utah with her husband about twenty years ago.

Mrs. Dyet was a very kind and charitable woman and had many riends who sincerely mourn her She leaves a husband and two child-

ren, a son and a daughter, both of whom are residents of this city. The funeral will be held from the Fifth ward meeting house, Sunday, at

The Best Liniment for Strains. Mr. F. H. Wells, the merchant at Deer Park, Long Island, N. Y., says: "I recommend always Pain Baim as the best liniment for strains. I used it last winter for a form a strain, and was greatly pleased with the quick relief and cure it ef-

NO TRANSFERS TO BE ISSUED.

Two Systems of Street Railway to Be Operated Separately.

M'CUNE RECEIVES THE STOCK

Pays \$170,588.64 for 4,461 Shares in the Rapid Transit-New Directors Elected.

When passengers will be able to transfer from one street car system to the other is a question. For the present and for an indefinite period the two systems will be operated independently, notwithstanding the fact that they are practically one. It would be a great convenience to patrons of the lines to be able to transfer from one to the other, and although that condition might be indefinitely distant it is not improbable that consolidated operation will prevail

in the near future. Actual change of ownership of the Rapid Transit company has been made by the transfer of 4,461 shares of the eCune for the sum of \$170,588.64. The rectors of the company have reigned and a new board elected, con-isting of the following named persons: B. Critchlow, president; E. E. Cal-in, vice president; George S. Gannett, ecretary and treasurer; E. W. Wilson, eorge B. Brastow, directors. At the aken regarding the East Bench, Pop-erton and Fort Douglas lines. These ranches are governed by sub-com-anies of the Rapid Transit.

President Cameron, formerly of the Vermont to join his children, who are iving there, and he will probably set-le down to an enjoyment of his remaining days in the quiet of his Ver-

Mr. Calvin's presence upon the board of directors does not mean that he epresents the Oregon Short Line, of which he is general superintendent, ba the operation of the system.

NEW SALT WORKS.

Thomas Weir is Erecting a Big Plant Near Garfield.

It developed last evening that the work upon the new salt works at the point of the mountain, mentioned in last night's "News," was being pushed at the instigation of Thomas Weir, the well-known mining man. Mr. Weir proposes to go into the salt business irrespective of trusts, for he believes that there is good money in the venture. With this end in view he ha put on a big force of men at work and the long ditch is now nearly complet ed, while teams are employed in grad ng and leveling the salt pans, which will be 100 acres in area

A pump of 10,000 gallons per minute capacity is now on the grounds and will be erected within a few days, and t is expected that work on evaporat ng will soon commence. Mr. Weir says that he expects to market over 0,000 tons of salt this year.

The location of this new venture is an ideal one. The plant will be erected at a point about two miles beyond Garfield Beach where a refining plant will be built. The Oregon Short Line is now putting in a spur in this vicin-ity and when completed the new salt works will be situated at a good disroibuting point and on the main line o Los Angeles. If the cut-off around the lake is built it will be in direct touch also with San Francisco over the nain line of the Southern Pacific It is understood that Mr. Weir has gone into the enterprise solus, and that the project will not be operated by a company.

LOST IN YELLOWSTONE.

A year ago L. P. Piper passed through this city on his way to Yellowstone park, stopping at the Knutsford. Arriving at the park Mr. Piper put up at the Fountain hotel. On July 27 he strolled out of the hotel and within an hour he had disappeared, and although the services of two troops of cavalry and scouts and detectives were secured no trace of the young man was ever discovered. The brother, J. W. Piper, s now here and was joined today by his sister and brother-in-law. proceed to the Yellowstone park and endeavor personally to find some trace of their relative. The lost man was a son of the late Congressman Piper and would have shared a fortune of

PROMINENT VISITOR HERE. James B. Wallace of Cincinnati Spending a Few Weeks With Relatives.

One of the most interesting men to visit Salt Lake recently is James B. Wallace, of Cincinnati. His father, George B. Wallace, was perhaps as well known in Salt Lake as any of her first visit to Utah, and while his father here and reared a large family established a good name, he remained east and built up a large fortune. He was born in Boston, Mass., in 1842, and in 1854 went to Cincinnati with his mother, and has been an honored citi-

zen of that city ever since.

When the war of secession broke out he enlisted as captain in the Union ranks, and came out at the close of the war with the rank of major, hav ing won his promotion by gallant and ntrepid conduct on the field of battle After the war he returned to Cincin nati where he engaged in the drug business. Possessing an extraordinary business knack he succeeded well and acquired an ample competence. has always been one of Cincinnati's most substantial and public spirited citizens, enjoying a popularity that is acquired by but few business men. He was for a long time a member of the chamber of commerce and served that body as secretary and treasurer. Of later years he has dealt almost exclusively in real estate and stocks in

which fields of finance he has been eminently successful. Mr. Wallace is one of the most companionable of men, possessed of a cheerful and happy nature and a keen the city two or three months, the guest of his sister, Mrs. Mary E. Garrett North Second West street. He has his wife and two children, one of whom is charming and accomplished young lady, and a graduate of Bryn Mawr

PERSONALS.

M. J. O'Meara has gone to California, P. T. Farnsworth has gone to Frisco for a few days.

John Sampson of Plain City, Weber county, is here on a business visit.

Miss Carrie Stawart, recently operated upon for appendicitis, expects to be out of the hospital in about a week. Matt Dougherty has returned from the oil fields near Evanston, Wyoming where he has been making an inspec-

R. H. Terhune, who has been in Colorado for some time past managing some mining interests for a Boston syndicate, is at home on a visit for a few days.

Captain James B. Wallace and famly of Cincinnati are visiting with Mrs. Mary E. Garritt, the captain's sister, Mr. Wallace is a son of the late Geo. B. Wallace, and is prominent in Cincinnati business circles.

J. F. Murphy, president of the Phoenix Oil Rafining company of Cleveland O., has made an investigation of the oil fields of Spring Valley, Wyoming, and superior to the California product. M. Heiner, state food and dairy com

missioner, went down to Prove today o investigate an alleged case of butter adulteration reported to him. With the exception of some brands of vinegar and baking powder, the food products being seld in the state are of good quality. These he expects to soon take from the market. Mr. Heiner will return to his home at Morgan as soon as his business at Provo is finished.
